This is what we're made of

There's a lot of smart thinking that goes into every Honda. But don't mistake the attention to detail for a delicate machine. You'd be wrong. Be it a truck, an SUV, or a hatchback, every Honda has been built with the capacity to shatter expectations off-road, on-road or at the track.

Ridgeline RTL shown in Lunar Silver Metallic with HPD™ Package.
CRF 250L shown.

Honda reminds you to properly secure cargo items and follow all applicable load limits and loading guidelines.

Built with the capacity to amaze

Every challenge is an opportunity. And every Honda loves a challenge. It's what drives us to design intelligent all-wheel-drive systems that can overcome the harshest conditions. And durable engines that are proven to withstand the test of time.

Racing is at the heart of what we do

Without racing, we wouldn't be where we are today. Whether it's on the street, the track, or down unpaved roads, every Honda is descended from a racing spirit. That's what drives us to compete and win at the highest level in motorsports.

Powering a different kind of journey

i-VTM4® AWD

A STRONG STATEMENT

Go ahead, put the Ridgeline to the test. With Intelligent Traction Management and a 5,000-lb towing capacity,² this pickup has the power to move other off-road vehicles by the truckload. It's also packed with the great thinking you'll only find in a Honda, like a lockable In-Bed Trunk,[®] dual-action tailgate,[®] and i-VTM4[®] all-wheel-drive system with four different terrain modes.

Honda reminds you to properly secure cargo items and follow all applicable load limits and loading guidelines.

RUGGED, MEET OUTDOORS

Boasting a 280-hp³ engine and Intelligent Traction Management,* the Passport is no stranger to the great outdoors. And with the ability to traverse all kinds of terrain, the TrailSport's rugged good looks add to the excitement, no matter what trails you're blazing.

*Snow mode only on 2WD trims. Snow, Mud, and Sand modes on AWD trims. Honda reminds you to properly secure cargo items and follow all applicable load limits and loading guidelines.

HondaLink

TRAVEL SMARTER

Stay connected with your vehicle, right from your smartphone. The HondaLink® app[†] provides assistance, service and convenience, with compatibility across the entire Honda lineup. Visit [hondalink.com](https://www.hondalink.com) for more information on features and subscription services.

HondaLink Available Features

- Personal concierge
- Remote lock & unlock
- Emergency call
- Find my car
- Stolen vehicle locator
- Enhanced roadside assistance
- Automatic collision notification

[†]Depending on use, HondaLink can transmit to Honda and its providers a vehicle's location, speed, and other operating conditions, information that may be tied to the vehicle identification number (VIN) and can be combined to create a track of a vehicle. For a full explanation of HondaLink functionality and Honda's data use and privacy policy, see owners.honda.com/hondalink.

ENGINEERED FOR THE OFF-ROAD

The new Pilot is the most powerful SUV in Honda history, but we'll let it speak for itself. With a powerful engine packing 285 horsepower⁴ and 262 pound-feet of torque,⁵ this hefty vehicle offers special features engineered to get weekend adventurers even farther off the beaten path. The available i-VTM4[®] all-wheel-drive system helps enhance stability on treacherous roads while the rear cargo area gives you plenty of space to store your gear. With the Pilot TrailSport, hook up to 5,000 lbs⁶ of toys to an integrated trailer hitch, or trailblaze new paths as you keep an eye on your surroundings with the new TrailWatch™ camera system that uses four exterior camera views to help you better navigate off-road obstacles. Your adventures are covered.

*5-Drive Modes standard on 2WD trims. 7-Drive Modes standard on AWD EX-L trims and above.

The highest-performing Civic in history

SEIZE THE TRACK

The fastest Civic ever is here. Equipped with a turbocharged engine delivering 315 horsepower¹⁰ and 310 pound-feet of torque,¹¹ the Civic Type R is a formidable force in the world of factory racecar performance. But it does more than just accelerate. When you're out on the track, the Honda LogR^{®12} datalogger analyzes your lap performance with advanced data tracking to help hone your racing prowess down to the decimal. The 6-speed manual transmission with rev-match control keeps your engine and vehicle speed in sync for even smoother shifting into corners and straight past the checkered flag. The sum of the Honda racing legacy is at your fingertips.

6 speeds, one epic drive

INNER CHILD, GO WILD

The road less traveled has never been more exhilarating than in the Civic Si. Its turbocharged engine and 6-speed manual transmission with rev-match control reach a unique balance of hairpin handling and hold-onto-your-hat performance that can transform just about any drive into a fast-paced adventure.

... CIVIC Si

Stride in sophistication

A NEW STANDARD OF REFINEMENT

The new Accord checks all the boxes. Its redesigned exterior is a veritable head-turner, from the elegantly minimal front fascia to the smooth, streamlined surfaces. Inside, you'll find a spacious cabin with new body-stabilizing seats that provide extra lumbar support. And with available features from HondaLink® you can locate your Accord on your phone or go online with in-vehicle Wi-Fi¹⁵ hotspot capability.* This is all of what a sedan should be.

*Requires AT&T data plan. Visit hondawifi.com for more details.

EFFICIENT, POWERFUL, TECH-SAVVY

For a range of exclusive tech and performance upgrades, there's the new Accord Hybrid. It's the first-ever Honda to debut the available state-of-the-art Google built-in¹⁶ technology, which connects you to an integrated cabin experience. An available Head-Up Display projects your speed and navigation directions right onto your windshield as you drive, feeling the instantaneous power of its electrifying powertrain. And with the 12.3-inch color touch-screen, the largest in Honda history, you can seamlessly connect your smartphone using wireless Apple CarPlay¹⁷ and Android AutoTM compatibility. The Accord Hybrid is now more impressive than ever.

Sustainability is in our nature

Our Electrified Vehicles

— Future Vehicle —
PROLOGUE
— ELECTRIC —

//////////
Honda is committed to reducing the carbon emissions from our products and operations, as we work towards our vision of a carbon-free society. In addition to our lineup of efficient hybrid vehicles and the all-electric Prologue SUV projected to arrive early 2024, we've also entered into long-term virtual power purchase agreements (VPPAs) for renewable wind and solar energy. When operational, the electricity generated from these VPPAs will offset 60% of the electricity Honda uses in North America.

An elegantly electrified ride

THE NEXT EVOLUTION OF THE SEDAN

Sophistication is at the heart of everything the new Accord Hybrid achieves. The modern, minimalist exterior strikes a perfect balance between attention-grabbing and understated. Once inside this cutting-edge sedan, you'll find high-tech upgrades galore. The new Individual drive mode allows you to combine settings from other drive modes—such as powertrain tuning, steering calibration and Adaptive Cruise Control¹⁸—for a uniquely tailored driving experience, all on the 12.3-inch color touch-screen. Steering wheel-mounted deceleration selectors let you set your preferred level of regenerative braking—a feature that recharges your battery whenever you slow down—for better controlling your speed on descents. Behind the wheel, feel the thrust of instantaneous torque, courtesy of the 204 horsepower¹⁷ of the Accord's engine and the powerful electric motor. For a next-level sedan experience, there's no better choice.

Confidence on the road

PASSIVE AND ACTIVE SAFETY

The vehicles we build are engineered with your loved ones in mind. It starts with the Honda-exclusive ACE™ body structure. In the event of a frontal collision, it distributes crash energy more evenly throughout the front of the vehicle. Advanced front airbags provide additional collision protection, with select models featuring SmartVent® airbag technology. Plus, every Honda comes standard with a multi-angle rearview camera¹⁹ and Vehicle Stability Assist™ (VSA®) with Traction Control!²⁰

Collision Mitigation Braking System™²¹

Lane Keeping Assist System²²

Road Departure Mitigation System²³

Adaptive Cruise Control¹⁸

Auto High-Beam Headlights

SAFETY AND DRIVER-ASSISTIVE TECHNOLOGIES

Honda Sensing® can help alert you to things you might miss while driving. This suite of safety and driver-assistive technologies was designed with complete coverage in mind. That includes adjusting brake pressure when an unavoidable collision is determined, adjusting steering to keep you centered in a detected lane, and notifying you about posted speed limits using a small camera.
